## Features

- Extension kits enable expansion of the number of drop coils on the JetStream™ and Classic teat spray systems up to 50 guns (with an operating capacity of 3 guns simultaneously for JetStream™ and 2 for Classic).
- Choice of gun lance lengths and nozzle types: including solid cone nozzles, or adjustable nozzles for varying the spray pattern.
- Fresh, clean solution is delivered every time.
- Anti-slip lever guns are also available.
- The following spare parts (in addition to those shown above) can be ordered separately as product codes:
  - AJS/2415 – Solid Cone Nozzle (also available as a five-pack).
  - ATS/415 – Adjustable Nozzle (also available as a five-pack).
  - ATS/615 – Stainless Steel Nozzle.
  - ATS/410 – 6m Flexible Delivery line tubing (included in complete extension kits).
  - ATS/411 – Cable Ties (Pack of 10).
  - ATS/461 – Straight Connector.
  - ATS/462 – Spacers for the Straight Connector.
  - ATS/438 – Repair kit for Ambic Drop Coil.
  - ATS/407 – T connectors and Nuts.
  - ATS/408 – Straight connector with nuts (pack of 2).
  - ATS/409 – Connector nuts.
  - AJS/2055 – AmbiSpanner™.
