

## Ambic Dip Cup Cap & Base

### ADC/106 & ADC/107

#### Properties

Cap & Base: Polypropylene

#### Cap

Dimensions: 5.5 x 5.5 x 2 cm

Net Weight: 0.011 Kg

#### Base

Dimensions: 10 x 10 x 1.5 cm

Net Weight: 0.031 Kg

#### Background

The Ambic Dip Cup Bottle Cap enables chemical to be stored in the bottle when not in use. The Ambic Dip Cup Bottle Base is suitable for use with all Ambic teat dip cups. It is narrow enough to be left in place whilst the cup is hooked onto the milker's belt, but wide enough to provide stability when the dip cup is placed onto a flat surface. It is particularly useful for added stability when using a cup with the Ambic DipMizer™ or Cassette DipMizer™.

#### Features

- Caps are available separately in a range of colours as ADC/106.
- A Dip Cup base is also available in a range of colours as ADC/107.
