Features

- Designed for use with a range of teat spray chemicals, but not compatible with lactic acid.
- Available with a white or a blue trigger assembly for pre- and post-spraying applications.
- Available with a choice of three different nozzles (depending on part code).
- Nozzles, trigger spray heads and bottle are available for purchase separately.
- Larger size nozzles are available (12mm) for use with other trigger spray systems.

Suitable for use with the Trigger Spray Heads TR-11-B and TR-11-W:

	RA4-11-B (blue) RA4-11-W (white)	Nozzle with Stainless Steel Jet and 11mm thread – available in blue or white. Used with PS8-B & PS8-W.
	RA40-11-B (blue)	Nozzle with Plastic Jet and 11mm thread – only available in blue. Used with PS9-B.
	RA5-11-B (blue) RA5-11-W (white)	Extended Nozzle with Stainless Steel Jet and 11mm thread – available in blue or white. Used with PS3-B & PS3-W.

For use with other Trigger Spray Systems:

	RA2-12-B (blue) RA2-12-W (white)	Nozzle with Stainless Steel Jet and 12mm thread – available in blue or white.
	RA20-12-B (blue)	Nozzle with Plastic Jet and 12mm thread – only available in blue.
	RA50-12-B (blue) RA50-12-W (white)	Extended Nozzle with Stainless Steel Jet and 12mm thread – available in blue or white.
