

Ambic TwinDipper Plus™

ADC/123-TT

Properties

Bottle: Low Density Polyethylene (LDPE)

Handle and Applicator: Polypropylene

Uptake Adaptor: Polypropylene

Tube: Polyvinyl chloride (PVC)

Capacity: 250 ml bottle

Dimensions: 6.5 x 9 x 22 cm

Net Weight: 0.12 Kg

Features

- Designed to handle the thickest of barrier dips with large bore inlet nozzles to speed the transfer of teat dip to the dip cup insert.
- Non-return design prevents contaminated chemical returning to the DipCup bottle and a special valve built into the DipCup speeds recovery of the bottle after it has been squeezed.
- Specially designed splash-proof lip and overflow chamber to reduce spillage and overflow.
- Adaptor ensuring that minimal chemical is left in the bottom of the DipCup bottle.
- Soft squeeze bottle for ease of use. Two tubes provide the same volume of chemical for half the squeeze.
- 30ml dip cup capacity.
- Available in a range of colours for pre- and post-dipping applications.
- Convenient belt hook.

Instructions

- Squeeze bottle to dispense chemical into DipCup insert.
- Bring the cup up under the udder and over the teat.
- Push the cup all the way to the base of the udder.
- When the teat is inserted into the cup, it will displace the dip and cover the entire teat from the tip to the base.

Country of Manufacture: GB
